EXPERIENCE

ASP.NET Developer, Soloplan Polska Sp. z o. o.

February 2016 - Present

In Soloplan Polska I build a highly distributed systems based on Azure Cloud and services it offers (Cloud Services, WebApps, ServiceBus, Blob storage). The application itself is a SPA based solution with Durandal, Breeze, Knockout for the Front-End and MVC 5, KendoUI and MongoDB for the backend part.

My tasks are ranging from architectural refactoring, discussing new approaches with the management team to adopting new technologies and making them useful for the overall application behaviour and performance..

Software Engineer II, Kroll Ontrack - Katowice

December 2013 - February 2016

I was responsible for delivering a high availability Web application for customers using Kroll's Legal Technology systems. This product was meant to collect all processing summary data and display it in a nice form.

The systems are being built upon MVC4, AngularJS, OAuth2.0, SQLServer 2008R2 and a number of javascript libraries like jQuery, d3, Backbone, etc. It's worth mentioning that the approach used for development is SCRUM with Definition of Done highly aimed at quality (unit testing, integration testing - SpecFlow + Selenium, Performance testing - jMeter).

I was also responsible for covering for my Scrum Master and giving technical lectures both at the Silesian University of Technology (Politechnika Śląska) and on Kroll's premises

Technical developer, Possible (Fortune Cookie) - Chorzów

October 2011 - November 2013

I took part in implementation of a number of web based applications. Most of them based on MVC 2/3/4 or WebForms and Episerver 6/7 as the CMS.

Additionally, in some we used almost pure BDD approach (SpecFlow + NSubstitute bound with SCRUM) and WindsorCastle IoC, MongoDB and SOA architecture (WCF).

.NET Software developer, LGBS sp. z.o.o - Gliwice

November 2009 - October 2011

The systems developed in LGBS had a vast variety of technologies used. Ranging from C++/WindowsMobile, WPF + EntityFramework, Silverlight + Sharepoint, Winforms to WebBased (mostly Webforms).

LGBS as an outsourcing company gave me a chance of working with a number of clients ranging from Energy/PowerPlant reporting, HR systems to factory chain of delivery supplies.

Owner, twoja-www.pl S.C.

March 2009 - December 2009

Building brochure sites built upon PHP, HTML, Css and MySQL

Intern, Sygnity S.A. - Gliwice

July 2008 - August 2008

Building Oracle Forms for Energy industry.

EDUCATION

Politechnika Śląska (Silesian University of Technology) - Gliwice

October 2004 - September 2009 (5 years)

Macro Faculty Speciality: Databases, Computer Networks and Systems (English as lecturing language)

Norwich University - Northfield, Vermont USA

January 2008 - May 2008 (5 months)

Computer Engineering International exchange program between Politechnika Śląska (Silesian University of Technology) and Norwich University

Friedrich-Alexander Universität - Nürnberg Germany

October 2006 - July 2007 (9 months)

Socrates-Erasmus exchange program.

LANGUAGES

- English: C1/C2
- German: A2/B1

SKILLS

- ASP.NET WebForms/MVC 2/3/4, WinForms, WPF, ADO.NET, CompactFramework, WindowsServices, WebServices, WebAPI, OData, SignalR, WCF, Silverlight, EntityFramework 4/5/6, Angular 1.x, Durandal, Breeze
- CruiseControl.NET, TFS automatic builds, Jenkins
- EPiServer, CompositeC1, Joomla
- HTML, CSS, JavaScript, Ajax, PHP, XSLT, jQuery, d3
- SQLServer 2008, SQLSever2008R2, SQLSever20014 Oracle 11g, MongoDB (NoSql)
- Stored procedures, Triggers, query optimization
- NUnit, RhinoMocks, NSubstitute, Moq, SpecFlow (BDD), Selenium, Fixture
- Git, TFS, SVN, ClearCase
- WinCE, WM6.1, WM6.5
- MVP, EPiMVP, MVC, MVVM, SPA
- Telerik (WinForms), DevExpress (ASP.NET), Infragistics (WPF), KendoUI (ASP.NET)

CERTIFICATES

- Professional Scrum Master I - scrum.org
- EPiServer Certified Developer (ECD)
- Microsoft® Certified Professional Developer - Web Developer 4
- Microsoft® Certified IT Professional - Database Developer 2008
- Microsoft® Certified Professional Developer - ASP.NET Developer 3.5
- Microsoft® Certified IT Professional - Database Administrator 2008

ADDITIONAL SKILLS

- Driving license: A, B + E
- Pilot license (SEP)
- Paragliding license
- Inland skipper
